Annual Session 2019 Registration Guide

Opioids: Tackling the Problem Together

June 12-14, 2019 | Boise Centre West

CHAIRMAN'S WELCOME

Understanding Opioids - the drug, the myth, the curse

I heard a statistic the other day that the odds of dying from an accidental opioid overdose in the U.S. surpassed the odds of dying in a car accident – SCARY!

Opioids have been the epidemic topic for all of 2018. At this year's ISDA Annual Session, we will look into this epidemic and create a pathway for proper dental practice utilization protocol. We are honored to have Dr. Harold Crossly, DDS, MS, PhD to guide us and provide understanding and truth.

We will also have our first Keynote speaker, Mr. Austin Eubanks. He tells his personal story / journey of addiction that you will not want to miss. Let's just say it started at Columbine!

In addition to caring for our patients we need to care for ourselves also. Dr. Bethany Valachi will help us with traditional Dental occupational issues. Back pain, eye strain, posture, numbness in extremities, etc. You can't ignore this topic and go the distance in dentistry!

Finally Dr. Brian Novy, WOW! This guy is amazing! Dr. Novy is an international thought leader in the science of dental caries management and evidence based dentistry. At the end of Dr. Novy's presentation you will begin to think "Out of the Box" with regards to caries issues.

The Idaho Spotlight Series is back! Idaho talent will be presenting on their areas of expertise with ways you can implement change and grow as a practitioner. I continue to be in awe of our Idaho colleagues and would encourage you to pick their brains in these short courses.

Our ISDA staff has worked very hard to provide us with an exceptional and timely learning experience. I hope that you will also visit the Exhibit Hall, where over 70 vendors will present the latest in technology and innovation that makes our jobs easier and more efficient.

Thank you for attending, enjoy!

James R. Miller DDS
2019 Annual Session Chair

VISITING BOISE

Mountains and museums. Restaurants and rivers. Festivals and fresh air. Many find Boise to be a surprising blend of urban and outdoors -- big enough to have all the comforts of a big city, yet small enough to make it easy to enjoy it all.

Family Fun

Consider taking the family for a day of rafting on the Payette River. Or for a more leisurely float, rent a tube for the Boise River and float right through downtown! The Boise foothills have hundreds of miles of hiking trails and the Boise zoo is right in the heart of Julia Davis Park in downtown. With family activities at every turn, it's no surprise that Boise was ranked #2 for the Best Cities for Raising a Family (out of the 100 largest metro areas in the US)!

Dining

Boise's food scene is diverse and delicious with distinctly Idaho highlights. Often using ingredients sourced from local farms and ranches.

For endless variety in one stop, try downtown Boise. Nearly every style of food and attitude is on display—from swank lounge menus to casual pub fare to ethnic cuisines.

At night, the downtown core becomes a full-on playground. With an active local and regional music scene, several clubs and venues often feature live entertainment. Home to a distillery and several breweries, you can find a perfectly made cocktail or small-batch brews in spots across the city.

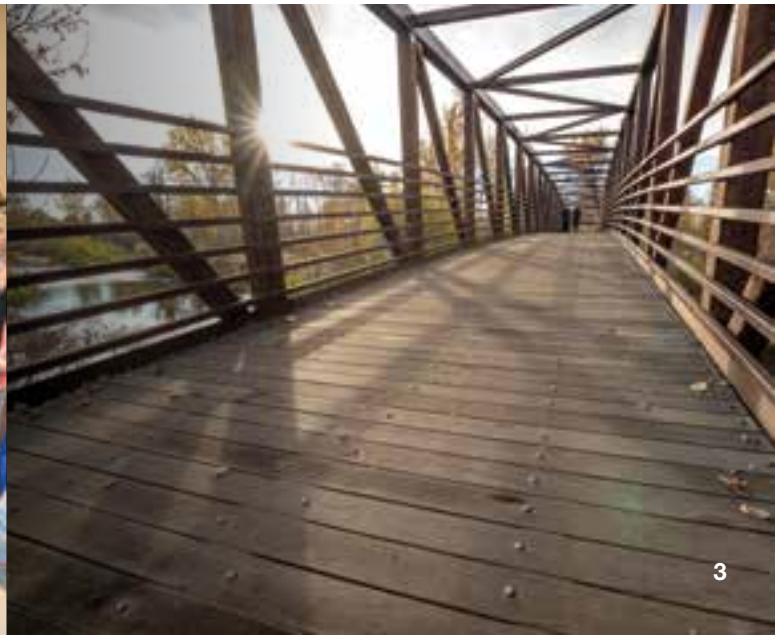
Arts & Culture

You'll find installations, murals and public art around the city, and can tour the Boise Art Museum, Idaho Anne Frank Human Rights Memorial, Zoo Boise, Discovery Center of Idaho, historical museums and other cultural hotspots within a few blocks of one another. A Boise Museum Pass makes it easy and affordable! Visit 7 of Boise's Museums for a fraction of the combined regular price. Passes can be purchased at the Discovery Center.

Nationally-renowned theater and performing arts companies also call Boise home, including the Idaho Shakespeare Festival, and Idaho's premier performing arts center the Velma V. Morrison Center. For information about seeing a performance while in town, go to idahoshakespeare.org and morrisoncenter.com.

Shopping:

Boise is the biggest metropolitan area between Portland and Salt Lake City, making it the shopping destination for over 600,000 people. More importantly for visitors, this attracts upscale and anchor retail stores, as well as, a host of one-of-a-kind local businesses. Whatever your taste (or budget), Boise has something that fits. For a listing of what downtown Boise has to offer, visit www.downtownboise.org.



EVENT DESCRIPTIONS

Academy of General Dentistry Member Breakfast

Members of the AGD, and those interested in becoming members, are invited to attend. Come enjoy a hot breakfast, camaraderie, and an update on what is happening with the Idaho AGD! **Registration is required.**

Exhibit Hall Social

Join us at Thursday's Exhibit Hall Social after classes for appetizers and a chance to win some great prizes. Visit as many exhibitors as you can throughout the session and support our exhibitors and sponsors who make our Annual Session possible. You'll find some great deals, so be sure to bring your shopping list!

ISDA Member Luncheon

Come hear what's happening in the ISDA and take part in the nominations, elections and installations for the 2019-2020 leadership. Dr. Dan Wilson, ISDA President, invites all ISDA member dentists to attend this hosted luncheon and business meeting. **Registration is required.**

ISDA Golf Tournament

The Component Society Cup will be up for grabs, so get together your team and win the bragging rights back from SWIDS. Come play and enjoy the Crane Creek course with your friends and colleagues from around the state. Boxed lunch included, $135 per person. Club rentals available.

New Dentists Luncheon

Sponsored by TDIC

Join the New Dentist Committee for a hosted lunch and meet and socialize with New Dentists from around the state. This is a great opportunity for dentists who have been practicing for 10 years or less to network. Seating is limited so register early! **Registration is required.**

Orthodontist Breakfast

Members of the Idaho State Orthodontic Society are invited to join us Friday morning at 7:00 am for our business meeting and breakfast.

Celebration of Mission Dentistry

Sponsored by International College of Dentists & Academy of General Dentistry.

All ISDA members and families are invited to a dinner on the Basque Block on Thursday June 13, 6 - 8 pm. Enjoy Paella and comradery as we celebrate the ADA 2018 Humanitarian of the Year. This celebration is not to be missed! Cost is $40/person, $15/kid under 12. Casual dress.

Pierre Fauchard Academy Dinner

This year our Annual Pierre Fauchard dinner will be held at the Cottonwood Grille, 7:00 pm, June 13. Network and share good times with your distinguished PFA Fellows while enjoying a memorable evening celebrating the achievements and induction of our new Fellows. Presentations by PFA President, Dr. Barry Feder and Trustee, Dr. Denise Habjan. $70/person. Business Casual Attire.

Lunch in the Hall

Thursday's lunch is included in your admission to Thursday's courses. Looking for a great deal on both lunch and your dental supplies? Then join us in the exhibit hall for a casual lunch that allows you time to meet with the exhibitors, shop for killer deals, and still have time for a quick break! **Space is limited. Registration is required.**

ISDA Women in Dentistry

The ISDA Women in Dentistry Committee invites all female dentists to join together for a social gathering. Come join us and get to know our small but amazing group of women dentists in Idaho.

Dentist Dialogues with Delta Dental

Delta Dental of Idaho, in partnership with the Idaho State Dental Association (ISDA) Annual Conference, will host Dentist Dialogues on June 12th from 5:30 pm to 7 pm at the Grove Hotel in Boise Idaho. Network dentists are welcome to attend this event dedicated to discussing topics of interest to you with our leaders and members of our board. Hearty hors d'oeuvres and complimentary beverages will be served. For your convenience, you may RSVP to Delta Dental of Idaho's Dentist Dialogues when you register for the ISDA Annual Conference!

Schedule

WEDNESDAY, JUNE 12

1:00 pm – 7:00 pm	Golf Tournament
5:30 pm – 7:00 pm	Dentist Dialogues with Delta Dental

THURSDAY, JUNE 13

6:30 am	Registration Desk Opens
7:00 am – 7:45 am	Academy of General Dentistry Breakfast
7:30 am – 5:00 pm	Exhibit Hall Open
11:30 am – 12:30 pm	Lunch in the Hall
11:30 am – 12:30 pm	New Dentist Luncheon
3:00 pm – 4:30 pm	Exhibit Hall Social
5:00 pm – 6:30 pm	ISDA Women in Dentistry
6:00 pm – 8:00 pm	Celebration of Mission Dentistry
7:00 pm – 9:00 pm	Pierre Fauchard Dinner

FRIDAY, JUNE 14

6:30 am	Registration Desk Opens
7:30 am – 9:00 am	Keynote: Addiction is Emotional with Columbine Survivor, Austin Eubanks
7:30 am – 1:00 pm	Exhibit Hall Open
7:00 am – 8:00 am	Orthodontic Society Breakfast
11:30 am – 1:00 pm	ISDA Member Dentist Luncheon
6:00 pm – 10:00 pm	President's Dinner

PRESIDENT'S WELCOME

It is a distinct pleasure to invite you to YOUR annual Idaho State Dental Association meeting/convention. This year's event is in beautiful Boise, and will be held at the Boise Centre West on June 12 – 14.

Our past president, Dr. Jim Miller, and your Idaho State Dental Association staff have put together a great line-up of speakers, whom are guaranteed to engage doctors and staff members alike. Take a few days off from your practice to "sharpen your axe" and I know that you and your office personnel will be richly rewarded.

Wednesday afternoon's golf tournament is always a good time! The beautiful Crane Creek Golf Course has challenging fairways and is sure to offer even more challenging competition. Sign up to take back the golf trophy from SWIDS in a 'Battle on the Links'.

Especially register for Fridays' Idaho State Dental Association Member Luncheon! We have some important topics to discuss, new leadership to introduce, and you will be given time to present your questions and comments to your Idaho State Dental Association Leadership. Don't miss it!

The President's dinner on Friday night will be incredible! Our entertainment will be sword swallower (and other dangerous antics) extraordinaire, Mr. Brad Byers. Brad holds numerous world records, has appeared on National TV many times, including America's Got Talent. You WILL want to bring your office personnel, kids (young or old) and even grandkids! You won't be disappointed.

I look forward to seeing each of you in Boise.

Dan R Wilson

Dan Wilson DDS
ISDA President 2018-2019

Join us at the President's Dinner:

"The Greatest Show of All Time!"

72-time World Record Holder, internationally acclaimed performer, Brad Byers, will stun and dazzle you with his exciting daredevil acts of juggling, sword swallowing and more! His acts have appeared on America's Got Talent, Late Night with David Letterman, and Guinness World Records Prime Time.

This will be entertainment for the whole family so don't miss this night of celebration, fun, and excitement.

THANK YOU TO OUR SPONSORS

Schedule at a Glance

THURSDAY

Avoid Liability: Know Your Patients' Medications and their Impact on Dental Treatment
Dr. Harold Crossley, 8:00 am–3:30 pm, 6 CE

Neck, Back & Beyond: Evidence–based Ergonomics to Prevent Pain Dr. Bethany Valachi, 8:00 am–11:30 am, 3 CE

Risk Management Chris Verbiest, 8:00 am–11:30 am, 3 CE

Volunteering for Dental Missions: Why, When, Where, What's in the Details Dr. T. Bob Davis, 12:30 pm–3:30 pm, 3 CE

Fitness 101 for Dental Professionals Dr. Bethany Valachi, 12:30 pm–3:30 pm, 3 CE

IDAHO SPOTLIGHT SERIES:

- **Taking Control of Narcotics** Dr. Eric Nelson, 9:00 am–10:00 am, 1 CE
- **Positioning Anterior Teeth Ideally in the Face** Dr. Michael Chaffee, 10:30 am–11:30 am, 1 CE
- **Management of Peri–Implantitis** Dr. Jack Lincks, 1:00 pm–3:00 pm, 2 CE

FRIDAY

Keynote: Addiction is Emotional Austin Eubanks, 7:30 am–9:00 am, 1.5 CE

The Big 3: Opioids, Alcohol, and Marijuana Dr. Harold Crossley, 9:30 am–4:00 pm, 5 CE

The Potty Mouth Predicament Dr. Brian Novy, 9:30am–11:30 am, 2 CE

Strengthen Your Insurance Partnerships
Andrew Eberhardt, 1:00 pm–4:00 pm, 3 CE

Offensive Dentistry Dr. Brian Novy, 1:00 pm–4:00 pm, 3 CE

Ortho Meeting & Class Idaho Orthodontic Society, 9:00 am–4:00 pm, 5 CE

Pediatric/Youth Focused Airway Orthodontics Dr. Duane Grummons, 9:00 am–4:00 pm, 5 CE

IDAHO SPOTLIGHT SERIES:

- **Olympic Excellence in AED Compliance and Ownership** Melanie Simboli, 9:00 am–10:00 am, 1 CE
- **Basic CBCT Interpretation** Dr. Griffin Guess, 10:30 am–11:30 am, 1 CE

COURSE DESCRIPTIONS

Thursday Classes

Avoid Liability: Know Your Patients' Medications and Their Impact on Dental Treatment, Dr. Harold Crossley, 8:00 am–3:30 pm, 6 CE

Your patients are living longer thanks to their medications but many of the physician-prescribed medications used by your patients have dental implications and side effects affecting your treatment plan. Some medications are more likely to cause violent behavior and others can cause a "burning mouth syndrome" and in fact, others may cause sexual dysfunction. Is antibiotic prophylaxis required for patients with an orthopedic prosthesis? How can I minimize prescribing opioid medications for post-operative pain? What is the new FDA warning about codeine and tramadol in children?

This presentation includes the indications, contraindications, and side effects of the most common physician- prescribed medications. Many of these medications were not approved when you took your pharmacology course in dental school. These medications represent one third of all prescriptions taken by your dental patients and familiarity with these drugs will provide the dental practitioner with a better appreciation for the health profile of your dental patient.

Objectives:

- Prescription, OTC medications, and foods that could adversely interact with dental drugs.
- Why your patient is taking their medications.
- What oral side effects may be caused by these medications.
- When not to prescribe NSAIDs.
- How to manage patients taking some of the newer anticoagulant medications.
- How to combine analgesics to maximize their effects.
- Indications and contraindications for opiate analgesics.
- Current recommendations for SBE and orthopedic prosthesis prophylaxis.

Intended Audience: Entire Team

Sponsored by Delta Dental of Idaho

Neck, Back & Beyond: Evidence-based Ergonomics to Prevent Pain and Extend Your Career, Dr. Bethany Valachi, 8:00 am–11:30 am, 3 CE

Did you know that one-third of dentists who retire early are forced to, due to a musculoskeletal disorder? The financial impact of poor ergonomics can be devastating to dental professionals, and resultant injuries can impair quality of life for you and your staff.

Pain is not a necessary by-product of delivering dental care! Effectively preventing work-related pain in dentistry requires addressing numerous risk factors, both inside and outside your operatory. In this lecture, Dr. Valachi combines 20 years of dental ergonomic experience with her doctorate research to teach truly effective strategies in the operatory to prevent pain and ensure career longevity. Through engaging demonstrations, you will discover powerful evidence-based strategies they can easily apply in the operatory: equipment selection & adjustment, patient positioning, body mechanics, lighting and other factors.

Objectives:

- Implement appropriate ergonomic interventions for chronic back, neck and shoulder.
- Identify 3 ergonomic criteria to select dental loupes that will improve their health…not make it worse!
- Make ergonomic modifications in the operatory with minimal expense.
- Position patients, headrest & overhead light correctly depending upon arch and tooth surface being treated.
- Position assistants correctly chairside.
- Identify unique pain patterns in specialists (endo, pedo, perio, ortho and oral surgeons) and implement specific interventions.
- Identify ergonomic features and adjustment of operator stools, patient chairs & delivery systems.
- Learn how pain develops in the operatory to wisely select effective interventions.

Intended Audience: Dentists, specialists, hygienists and assistants

Sponsored by BQ Ergonomics & Surgitel

Risk Management, Chris Verbiest, 8:00 am–11:30 am, 3 CE

This course is designed to give dentists and staff practical advice that can be immediately implemented into your practice. The course deals primarily with professional liability claims issues and documentation including communication and informed consent. The speaker will also cover FAQ's, actual claim case studies, and related topics. Questions and audience comments are welcome.

This course meets the risk management education requirement to receive the TDIC 5% premium discount.

Objectives:

- Greater understanding of what drives patients to file claims
- Practicing defensive dentistry through better communication and informed consent
- Review of miscellaneous topics

Conflict of Interest Disclosure: Christopher Verbiest is Vice President and general manager of The Dentist Insurance Company and has financial or other interests of some nature in TDIC.

Intended Audience: Entire Team

Sponsored by TDIC

Volunteering for Dental Missions: Why, When, Where, What's in the Details, Dr. T. Bob Davis, 12:30 pm–3:30 pm, 3 CE

That's the starting point, admitting you have NEVER done something you have HEARD about, and THOUGHT about, but have yet TO DO from your bucket list of goals/ dreams for your life. There's no time like the present to hear of others DOING IT and being around dynamic colleagues who have a passion for sharing their talents, skills, and heart with those less fortunate in the world we share. Get the BIG PICTURE plus DETAILS. Your life will never be the same!!!!! What are you waiting for?

Objectives:

- To identify the needs for dental volunteers, basis for volunteering, qualifications of volunteers.
- To point out local, national, and international locations, groups and individuals involved.
- To give details of the "how to's" of starting a trip, joining another group trip, teaching in a school, lists of fixed/portable equipment plus supplies needed and available.
- To see recent photos/videos of existing missions and hear testimonies from recent participants.
- To motivate and inspire altruistic volunteerism while creating networking among those doing it.

Intended Audience: Entire Team

Sponsored by the International College of Dentists & Academy of General Dentistry

Fitness 101 for Dental Professionals: Secrets for Comfort and Career Longevity, Dr. Bethany Valachi, 12:30 pm–3:30 pm, 3 CE

Have you tried exercise regimens, personal trainers, chiropractors, acupuncture, massage therapists, but your pain persists? This course is for YOU!

In this interactive seminar, Dr. Valachi introduces a special system of evidence-based exercise, pain therapy, self-treatment and stress management interventions to help dental professionals take control of their own health and extend their careers. Attendees will actively participate in this dynamic seminar and discover muscle imbalances to which they are uniquely prone in the profession and how to select corrective therapeutic exercise. Generic exercise routines that aren't a problem for the general public (Pilates, yoga, P90X and Crossfit) can throw dental team members into the viscious pain cycle and must be modified. Discover how to release painful accumulated tension in muscles with easy self-treatment strategies.

Objectives:

- Why dental professionals require specific exercise guidelines.
- How to develop a customized exercise program specifically for dental professionals.
- How to identify generic exercises that can actually create & worsen pain syndromes.
- How to incorporate chairside stretching into their workday.
- Self-treatment techniques for painful, ischemic muscles and trigger points.
- Which pain therapies/treatments are most effective, based on the current research.
- How to combat the detrimental physical effects of stress.

Intended Audience: Dentists, Specialists, Hygienists, Assistants

Sponsored by BQ Ergonomics & Surgitel

mcnadental

MCNA Insurance Company is pleased to be the benefits administrator for the Idaho Smiles Dental Program, serving the State's Medicaid and CHIP members.

MCNA is a provider-centered organization committed to helping dentists serve Medicaid and CHIP enrollees. We provide dentists with leading-edge technology and superb customer service support to reduce missed appointments and encourage patients to seek timely dental care.

For more information, visit us online at: www.MCNAID.net

Idaho Spotlight Series:

The Idaho Spotlight Series highlights Idaho dental talent whom have decided to share their secrets to success with you. These 1 hour CE courses will give you a look into topics like: Narcotics, Orthodontics, Peri-Implantitis, CBCT, and AED Compliance. If you've ever wanted to know more, we invite you to join us for these crash-courses!

Intended Audience: All Idaho Spotlight Series classes are intended for Dentists unless otherwise noted.

Taking Control of Narcotics in your Practice, Dr. Eric Nelson, 9:00 am–10:00 am, 1 CE

Objectives:

- Brief Pharmacology
- The national concern
- Dentist RX numbers
- Yes or No on Rxing
- Talking to patients
- State monitoring
- Accessing the Idaho Rx Monitoring Program
- Alternatives to narcotics

Positioning Anterior Teeth Ideally in the Face, Dr. Michael Chaffee, 10:30 am–11:30 am, 1 CE

Ideal upper incisor positioning in the face in all three planes of space will be discussed, as well as how skeletal anchorage and other orthodontic mechanics can aid in placing anterior teeth in that ideal position. A historical perspective of various cephalometric analyses used by orthodontists over the years will be discussed, as well as the simplified Radney Analysis to treatment plan ideal incisor positioning. These anterior tooth positioning principles not only apply to orthodontics, but restorative treatment as well.

Management of Peri-Implantitis, Dr. Jack Lincks, 1:00 pm–3:00 pm, 2 CE

We will discuss diagnosis, etiology and management of inflammation and bone loss around dental implants and establish a treatment protocol for the general dentist and hygienist.

Objectives:

- Understand the pathogenesis and risk factors associated with peri-implant diseases
- Develop a system to confidently identify and diagnose implant peri-implant mucositis and peri-implantitis
- Manage peri-implant implant mucositis and peri-implantitis with a research based, cumulative, interceptive treatment protocol
- Implement appropriate non-surgical and surgical intervention for peri-implant diseases

Intended Audience: Dentists & Hygienists

Friday Classes

Keynote: Addiction is Emotional with Columbine survivor, Austin Eubanks

Friday June 14, 2019,
7:30 am – 9:00 am, 1.5 CE

Austin Eubanks is an injured survivor of the Columbine shooting. His story of trauma, over-prescribed medications, and active addiction is sure to leave a lasting impression.

Now in long-term recovery, Austin has devoted his career to helping those who have journeyed into addiction by way of trauma. He speaks nationally regarding the addiction pandemic, drug policy, and the underlying issues of emotional pain and trauma. Austin shares his compelling story which started on that horrific day in April of 1999.

So many impactful lessons can be learned from listening to Austin. He moves his audience through many ranges of emotions as he traces his journey from that dark day into active addiction and despair and then finally into the light of recovery. Austin addresses many of the most critical and relevant topics surrounding addiction today.

Austin has spoken to hundreds of thousands across the nation regarding strategies for addressing the issues of substance abuse plaguing the nation. His story has garnered the interest of countless major media outlets including the BBC, People Magazine, and the New York Times. Austin has provided expert commentary for Face The Nation, Vice News, CBS This Morning, NBC Nightly News, Fox News, and CNN.

Intended Audience: Entire Team

The Big 3: Opioids, Alcohol, and Marijuana and their impact on you, your family, and your dental practice!, Dr. Harold Crossley, 9:30 am–4:00 pm, 5 CE

This program will have two parts. The first half will discuss the addictive nature, abuse, and medicinal benefits of opioids and alcohol. For centuries opioids have been used to control pain and suffering, but at what cost to us, our families, and our dental practices? This section will uncover fascinating details regarding the origins and influence of alcohol and opioids and their significant effect on our society today.

The second half of the day will be devoted to marijuana. Twenty three states have legalized marijuana for medical use. Nine states and the District of Columbia have legalized marijuana for recreational purposes. Inevitably, some of these marijuana users will be treated by the dentist or hygienist. What is it? Does it have any medicinal use? Is marijuana addicting? What are the effects of marijuana on driving ability? What are the effects of marijuana on intellectual development? What are “shatter”, “wax”, “dab” or “scat” and how do they differ? Is edible marijuana as effective as smoking or vaping? The afternoon presentation will discuss some of the concerns about marijuana use/abuse, and its bearing on dental treatment.

Objectives:

- The difference between the synthetic and natural forms of “the big three”
- How these drugs have been useful in the past but are abused today
- The medicinal and recreational effects of these drugs on the body systems
- The physical characteristics of marijuana
- The evidence supporting medicinal uses
- Differences among edible, vaping, and smoking marijuana
- The meaning of shatter, dab, wax, and scat

Intended Audience: Entire Team

Sponsored by Delta Dental of Idaho

The Potty Mouth Predicament, Dr. Brian Novy, 9:30 am–11:30 am, 2 CE

Sometimes it seems as though our patients don't grasp the basic concept of home care. Other times our patients with impeccable hygiene develop rampant decay and we feel helpless because we can't figure out what's going on. The mouth is a remarkable environment that cariologists are finally beginning to understand, and so can you. Come learn everything you didn't know about plaque and the amazing organisms that make the mouth a wonderful place to work.

Objectives:

- Explain the mixed ecological approach to caries causation.
- Understand when to recommend appropriate therapies.
- Integrate basic salivary analysis into clinical practice.
- Stop "watching" lesions and see them get smaller.

Intended Audience: Entire Team

Sponsored by GC America & Shofu

How to Strengthen Your Insurance Partnerships, Andrew Eberhardt, 1:00 pm–4:00 pm, 3 CE

We all know that there are far better ways to pay for dentistry than using dental "insurance." Nevertheless, when dental offices understand the do's and don'ts and take time to acquire the knowledge and skillsets to manage these partnerships, PPOs can prove to strengthen a dental practice. There is a MASSIVE opportunity to help those in a dental office better understand key strategies that surround insurance stacking and mapping a better approach. The knowledge that is required to keep up on these ever-changing policies and regulations is staggering and this three hour course helps those that work in this space.

Objectives:

- Understand the do's and don'ts of dental insurance
- Methods to negotiate for enhanced fees as a solo dentist
- How insurance "stacking" can be your friend or enemy
- How to obtain the highest fee schedules possible while maintaining a healthy partnership with carriers.

Intended Audience: Office Managers and Insurance Coordinators

Offensive Dentistry, Dr. Brian Novy, 1:00 pm–4:00 pm, 3 CE

Let's face it, sitting through a lecture about dental caries or caries risk assessment isn't appealing (in fact it sounds downright boring). However, the science of clinical cariology is beginning to have an impact on restorative techniques and technology. Streptococcus mutans has more to fear than a rheostat, now that we're armed with salivary diagnostics and bioactive materials.

Objectives:

- Understand how to intervene medically in the caries process.
- Control patient caries risk with focused therapeutics.
- Design restorations to minimize recurrent decay.
- Improve the prognosis of restorative treatment.

Intended Audience: Entire Team

Sponsored by GC America & Shofu

Ortho Meeting & Class, Idaho Orthodontic Society, 9:00 am–4:00 pm, 5 CE

Course topic and speaker are TBD. Will be announced by March 1.

Intended Audience: Orthodontists

Sponsored by the Idaho State Orthodontic Society

Pediatric/Youth Focused Airway Orthodontics, Dr. Duane Grummons 9:00 am–4:00 pm, 5 CE

Dr. Grummons addresses both the facial form with airway functional issues involving modern orthodontics, facial orthopedics and breathing/airway treatments. The shape of the jaws and face is a major factor for sleep disordered breathing and upper airway flow limitations. Altering the facial growth with 3-dimensional development for breathing efficiencies while addressing the habits that influence poor facial growth are important. Stunning signature smiles and good sleep are the outcomes – which help youth thrive beyond these breathing and disordered sleep challenges. His facial orthopedic emphasis strengthens the knowledge with collaboration between the dental and medical fields which tremendously improves patient health / wellness.

Intended Audience: Pediatric Dentists

Sponsored by the Idaho Academy of Pediatric Dentistry

Idaho Spotlight Series:

Intended Audience: Dentists

Olympic Excellence in AED Compliance and Ownership, Melanie Simboli, 9:00 am–10:00 am, 1 CE

It's one thing to own an AED, it's another thing to keep it in working order and ready for an emergency.

By participating in this course, you will learn about Idaho State Codes, the Indemnification Policies from the manufacturers and your personal responsibilities in managing your AED (Automated External Defibrillator) to be compliant if a sudden cardiac arrest happened at your workplace. Management is easy if you are aware of your responsibilities and have a process in place. Melanie will share a checklist of items that will not only keep you informed and complaint but most importantly, prepared! In addition, Melanie will give a brief explanation of the differences between the various AEDs on the market. As an Olympic gold medalist, she will share the top 3 skills she uses from sports to be successful on a daily basis.

Intended Audience: Dentists & Equipment Managers

Basic CBCT Interpretation, Dr. Griffin Guess, 10:30 am–11:30 pm, 1 CE

Cone beam CT is an increasingly available dental imaging modality that offers unique insight into our patients. This three-dimensional perspective of the maxillofacial region, while beneficial, is different from traditional 2D dental imaging and can be challenging to interpret. This lecture intends to introduce providers to the fundamentals of interpreting CBCT scans.

Objectives:

- To understand basic CBCT software manipulation
- To review normal anatomy of the maxillofacial region as seen on CBCT
- To introduce commonly encountered variations of normal

Opioid Facts:

- In 2016, opioids (including prescription opioids, heroin, and fentanyl) killed more than 42,000 people.
- 40% of those deaths involved a prescription pain reliever.
- 1.8 million Americans reported abusing or being dependent on prescription pain relievers.

SPEAKER BIOS

Harold L. Crossley, DDS, MS, PhD

Dr. Harold Crossley is Professor Emeritus at the University of Maryland Dental School. A native of Rhode Island, Dr. Crossley received a Bachelor of Science degree in Pharmacy from the University of Rhode Island in 1964. He later was awarded the Master of Science (1970) and Doctorate degrees (1972) in Pharmacology. The University of Maryland Dental School in Baltimore awarded Dr. Crossley the D.D.S. degree in 1980. The liaison between the classroom and his part-time dental practice produced a practical approach to understanding the pharmacology of drugs used in the dental office.

Dr. Crossley has co-authored a number of articles and four books dealing with a variety of topics within the field of pharmacology. Other areas of expertise include the pharmacology of street drugs and chemical dependency. He serves on the Maryland State Dental Association's Well-Being Committee, is an active member of Phi Kappa Phi, Omicron Kappa Upsilon Honorary Dental Society, the American College of Dentists, International College of Dentists, and an honorary member of the Thomas B. Hinman Dental Society. He was the recipient of the 2008 Gordon Christensen Lecturer Recognition award presented by the Chicago Dental Society and the recipient of the 2012 Award of Distinction presented by the Academy of Dentistry International for his efforts in Continuing Dental Education. He has been a consultant for the United States Drug Enforcement Administration and other law enforcement agencies since 1974. Drawing on this unique background, Dr. Crossley has become nationally and internationally recognized as an expert on street drugs and chemical dependency as well as the clinical pharmacology of dental drugs.

Sponsored by Delta Dental of Idaho

T. Bob Davis, DMD, MAGD, FICD, FADI, FACD, FPFA

T. Bob Davis is a native of Troy, Alabama, USA, a graduate of Samford University majoring in Chemistry, a graduate from the University of Alabama School of Dentistry with a Doctor of Dental Medicine degree, and a Mastership in the Academy of General Dentistry. Having served as Captain in the U.S. Air Force for 2 years, he has practiced general dentistry for over 48 years in Dallas, Texas. Married to his wife Janis in 1969, they have 3 children and 7 grandchildren who live within 30 minutes of each other! The vocation of dentistry has allowed him to serve leadership roles in the American Dental Association, Academy of General Dentistry, and Academy of Dentistry International. As a Fellow of the four major dental honor societies, he currently serves as President for the Academy of Dentistry International, and served as the 1991 Chairman of the Dallas Mid-Winter Dental Convention and the 1997 Chairman of the Lone Star Dental Conference. Having lectured internationally and having been quoted in publications, some of his favorite honors include being named by his Texas peers as "Texas Dentist of the Year 2014" and the American Dental Association's "Humanitarian 2018" Award. His avocation of music is well known, having recorded over 13 albums of his piano stylings, being the convocation pianist for over a decade for the Academy of General Dentistry and the Academy of Dentistry International, and now for the International College of Dentists. Another passion is a commitment to dental missions, having taken over 1,500 dental students, 500 dentists, 500 hygienists/assistants/staff on one of his 42 plus years of dental mission trips to Mexico and Central America. Sharing knowledge, skills, and talent while mentoring is part of his lifestyle.

Sponsored By International College of Dentists, and Academy of General Dentistry

Andrew Eberhardt

In 1999 Andrew Eberhardt was asked to join a strategy team to assist a local group of Utah dentists to create a "Dental Cooperative" modeled after farm cooperatives. The Cooperative was designed to strengthen the independent practitioner and empower member dentists with tools to compete in this increasingly competitive market. Since then, Andrew's duties have touched on all aspects of company growth and development. He has played a key role in negotiating purchasing contracts with third party vendors, facilitating practice transitions and creating the Co-Op's "Dental Benefit Program." In addition, Andrew leads the company's fee maximization efforts using the Messenger Model approach with partnering dental insurance carriers and umbrella groups. Doing so has produced enhanced fee schedules available to Co-Op members.

In the spring of 2012, Andrew was promoted to Chief Operating Officer and directs all operational aspects of the Dental Cooperative.

Andrew currently lives in Bountiful, Utah doing his best to raise three children with his beautiful wife Nikki. In every spare moment, he enjoys traveling with his family to worldwide destinations taking advantage of his wife's travel benefits at Delta Airlines. He loves riding motorcycles, skiing and contributing most of his paycheck to his vintage 1969 Toyota Landcruiser.

Duane Grummons, DDS, MS

Dr. Grummons is a Board-Certified Orthodontist who has authored and lectured for 35 years. His Facial Frontal Analysis and facemask orthopedic appliance innovations are sensible and extensively utilized. He is a leader in adolescent airway analyses and "earlier" (ages 4-8 years) facial orthopedic interventions for breathing/airway for life-changing benefits. His individualized pre-aligner therapy approaches and non-extraction methods are applied.

Dr. Grummons is Associate Professor of Orthodontics at The Loma Linda University Medical Center Orthodontic Department. He developed two efficient and productive practices; first in Marina del Rey, California and again in Spokane, Washington. He has appeared before orthodontic, dental, and medical conferences and made radio and TV appearances.

Sponsored by the Idaho Academy of Pediatric Dentistry

Brian Novy, DDS

Since graduating from Loma Linda University School of Dentistry, Dr. Nový has lectured around the world on the subjects of dental caries and dental materials. He has faculty appointments at Loma Linda University, Western University, and Harvard School of Dental Medicine and has published numerous papers in journals including JADA and the Journal of Evidence Based Dental Practice.

In 2016 he was appointed the consumer advocate on the United States Food and Drug Administration Dental Products Panel. He practices in Massachusetts at the DentaQuest Institute, and his office was the first to receive the title, "American Dental Association Adult Preventive Care Practice of the Year."

Sponsored by GC America & Shofu

Bethany Valachi, PT, DPT, MS, CEAS

Recognized internationally as a dental ergonomics expert, Bethany has helped thousands of dental professionals prevent pain and extend their careers with her passionate & engaging evidence-based seminars which consistently pack the room. Clinical instructor of ergonomics at OHSU School of Dentistry, she has delivered over 700 lectures worldwide, including Dubai, Poland, Belgium, Ireland and Jamaica.

Bethany's recent doctorate studies revealed groundbreaking new dental ergonomic and wellness interventions which continue to enhance her lectures. Her book, Practice Dentistry Pain-Free has been distributed worldwide, and her dental ergonomic and wellness DVDs are popular throughout Australia, Europe and North America.

Married to a dentist, Bethany brings a unique blend of skills to her audiences. Her dynamic seminars captivate audiences by weaving research-based ergonomic interventions with humor, audience participation, real-life stories and demonstrations. This is essential, life-changing education for any team member concerned with their musculoskeletal health and career longevity.

Christopher Verbiest

Christopher Verbiest is Vice President and general manager of The Dentist Insurance Company. He has more than 35 years of experience in the insurance industry, the past 16 working exclusively with dentists managing DBIC / NORDIC, which is now TDIC. He is a frequent speaker at the Schools of Dentistry at Oregon Health Sciences University, University of Washington, and the University of Tennessee, and various dental conferences, and dental groups throughout the western United States. He also presented a risk management course at the 2015 Annual ADA meeting.

Sponsored by TDIC

Idaho Spotlight Speakers:

Michael Chaffee, DDS, MS

Dr. Michael Chaffee has been in private practice in Coeur d'Alene, Idaho, since 1993. He received an undergraduate degree from Texas A&M University. His dental degree, Orthodontic Certificate, and Master's degree were from the University of Texas Health Science Center at Houston. Dr. Chaffee is a Diplomate of the American Board of Orthodontics, and is a member of the both the Texas Orthodontic Study Club and the Northwest Component of the Edward. H. Angle Society, where he serves as President-elect and Program Chair. He also currently serves as President-elect of the Rocky Mountain Society of Orthodontists.

Griffin Guess, DMD

Dr. Griffin Guess attended Washington State University, graduating summa cum laude with a bachelor's degree in Zoology and then attended the University of Pennsylvania for dental school. He completed a general practice residency at the University of Washington followed by three years in private practice as a general dentist. He then returned to the University of Washington to complete an Oral and Maxillofacial Radiology residency. Dr. Guess grew up on a farm near Moscow, Idaho, and is pleased to return to serve the Northwest as an oral radiologist, offering his unique and expert perspective on oral and maxillofacial imaging.

Jack Lincks, DDS, MS

Dr. Jack Lincks was born in New Orleans and earned his Doctor of Dental Surgery from Louisiana State University, School of Dentistry in 1986. After graduation he joined the United States Air Force, served 21 years in the Dental Corps and retired at the rank of Colonel (06). Dr. Lincks completed his Periodontal Residency and Masters of Science at Wilford Hall Medical Center/University of Texas Health Science Center, San Antonio in 1999. He moved to Boise in 2007 to join Periodontal Health Specialists of Idaho, practicing with Drs. Michael Florence and Randy Demetter.

Dr. Lincks is an Instructor of Periodontics II at CSI for the Dental Hygiene Program. He is the past Chairman of the Idaho Oral Health Alliance and is a Director of the High Desert Sage Study Club and High Desert Sage Hygiene Study Club. He specializes in Periodontics and dental implants and received his Master Laser certification from the World Clinical Laser Institute in 2011.

Eric Nelson, DDS, MD

Dr. Eric W. Nelson is a native of Idaho. He completed his medical degree at Vanderbilt University. His general surgery internship and maxillofacial residency program were completed at Vanderbilt University Medical Center. He completed his Bachelor of Science degree at the University of Utah and earned a Doctor of Dental Surgery degree from the University of Iowa.

Dr. Nelson is a member of both St. Luke's and St. Alphonsus facial trauma teams. He is a member of the American Association of Facial Plastic and Reconstructive Surgeons. He's also member of the American Dental Association and the Idaho State Dental Association. He is licensed as both a medical doctor and a Dentist in the State of Idaho.

Specializing in oral implantology, Dr. Nelson lectures locally and nationally on implants and bone grafting. He is a Fellow in the International Congress of Oral Implantologists (ICOI).

Dr. Nelson resides in Boise with his wife and three children. Together they enjoy family outings, running, skiing, fishing, biking and travel.

Melanie Simboli

Melanie is in her 7th year as an account executive at AED Authority. With her experience as a mother, teacher, Olympic gold medalist-freestyle skier, a small business owner and her work in the AED industry, she brings valued experience, integrity and hard work to those she works with. She is passionate about helping others in and out of the workplace and is happy for the opportunity to share her knowledge at the ISDA Conference.

TDIC. Founded by dentists, only for dentists, and led by your peers.

Established by a bold group of dentists in 1980, The Dentists Insurance Company has grown to protect more than 24,000 policyholders in 15 states. And, with leadership by your peers in dentistry, TDIC has been rated A (Excellent) by A.M. Best for 24 consecutive years.

TDIC is proud to provide dentist-centric insurance to a community of policyholders who are engaged in the future of their profession. This singular focus means you can trust TDIC for personalized service, expert claims handling, exceptional products and risk management solutions.

Our future is bright. See the TDIC difference for yourself as we innovate and grow.

A.M. Best Company rating effective March 2018. For the latest rating, access ambest.com

IDA IDAHO DENTISTS INSURANCE AGENCY

ISDA ENDORSED PRODUCT

DELTA DENTAL®

Delta Dental of Idaho is proud to sponsor the ISDA Annual Session by bringing you internationally renowned speaker, Dr. Harold Crossley DDS, MS, PhD.

Come to our booth, #27, to learn about

ION · HOW · small horse

and more!

Delta Dental of Idaho

Our primary goal is to grow the number of Idaho patients with dental benefits. People with dental benefits are 78% more likely to seek preventive or restorative care.

HOW® HEALTH *through* ORAL WELLNESS®

A NEW approach to patient benefits

Perform a PreViser® oral health risk assessment. If your patient is at risk, Health *through* Oral Wellness® (HOW®), provides high-risk Delta Dental of Idaho patients a variety of expanded benefits including:

- Additional cleanings
- Fluoride *(child and adult)*
- Oral hygiene instruction, nutritional counseling, or tobacco cessation counseling
- Sealants *(child and adult)*
- Periodontal maintenance
- Drugs or medicaments dispensed in the office for home use

- No additional cost to patients
- Professionals receive claim payments for performed procedures

Contact Delta Dental of Idaho today for more information regarding the PreViser® risk assessment or the new Health *through* Oral Wellness® (HOW®) program!

GOLF REGISTRATION

Crane Creek offers tight fairways, lightening quick greens, and a pesky canyon that meanders though 18 holes. Nestled in the Boise foothills, the 18-hole championship golf course features treelined rolling bent grass fairways that traverse their way past fairway bunkers to ultimately reach luscious, bent grass greens. Coupled with fantastic views of the surrounding foothills and city, and ever-present crystal skies, this will be a great way to kick off the 2019 Annual Session.

Game format will be a shamble. $135 Registration fee includes greens fee, cart, and box lunch. Caddy tip and club rentals are not included.

The 2018 winners, Team Hisel! The 2019 Component Cup Championship could be yours!

NEW THIS YEAR TO ANNUAL SESSION!

Keynote Speaker:

We invite you to our Keynote Speaker, Austin Eubanks on Friday, June 14th. This will be a moving experience that helps personify the opioid epidemic prevalence for all attendees.

Innovation Stage in the Exhibit Hall:

Exhibitors will be giving short presentations of their products and new features. This is an excellent opportunity to hear about ways to make what you do every day easier and see demonstrations of products that you are considering.

Daredevil Brad Byers at the President's Dinner!

You don't want to miss the President's dinner this year! Bring the kids and grandkids for a spectacle of sword swallowing, juggling, and other amazing acts. This show will be the highlight of your summer!

GENERAL INFORMATION

Class & Exhibit Hall Location

Boise Centre West
850 W. Front St
Boise, ID 83702

The Golf Tournament will be held at The Crane Creek Country Club golf course.

The President's Dinner will be held at the Grove Hotel.

Lodging

Lodging in Boise is available at a discounted rate for participants until May 12. Be sure to let them know you are with the Idaho State Dental Association to receive our special discounted room rates.

Grove Hotel
208-489-2222

The deadline to receive the ISDA room rates is May 12 so be sure to book early!

Late and On-site Registration

All Late Registrations (after May 8th) will be charged an additional $25 per person late fee. All On-site registrations will be charged an additional $50 per person registration fee.

Member Registration

Free registration to the ISDA Annual Session is a member benefit for ISDA Member Dentists.

All memberships are individual memberships.

Contact the ISDA for more membership information at 208-343-7543 or complete a member application at www.TheISDA.org/member-center/join-renew.

Registration Materials

Confirmation of registration will be emailed to the primary registrant after processing. Registration packets will be available for pick up at the ISDA Registration Desk in the Boise Centre West.

Class & Events Registration

All classes and events are ticketed, and some have limited space. Each attendee is required to sign up for all classes and events they wish to attend. Event tickets will be included with each attendee's registration materials.

Mobile App

Download our "Opioids: Tackling the Problem Together" 123rd Annual Session Mobile App. You can take advantage of following the meeting events, speakers and exhibitors on your smartphone during the June 12-14 session. To download the mobile app: Go to the Apple Store, or the Android Play Store and search for isdaannualsession.

ADA CERP

ISDA is a Recognized Provider through the ADA CERP Program. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. PARTICIPANTS: Continuing education credits awarded for participation in the CE activity may not apply toward license renewal in all states. It is the responsibility of each participant to verify the requirements of his/her state licensing board(s).

Persons who wish to file a complaint regarding an ADA CERP approved provider should read the ADA CERP complaints policy. Formal written complaints will be considered if the complaint documents substantial noncompliance with ADA CERP Recognition Standards & Procedures and established policies. Access the complete ADA CERP Recognition Standards and the Complaints Policy at www.ada.org/goto/cerp.

Course Handouts

Course Handouts will be made available online prior to the conference. Handouts may also be viewed through the ISDA Mobile App.

Course Credit

The number of continuing education credits for each course is equal to the duration of the course in hours. CE completion certificates will be made available online at www.TheISDA.org one week after the session. It is the participant's responsibility to verify the requirements of his or her state licensing board and to self-report any CE credits earned.

Dates to Remember

April 1: ISDA Membership must be processed to be eligible for free registration.

May 8: Early Registration Ends. Registration fees will increase for each attendee after this date.

May 12: Hotel Reservation Discount Deadline.

May 22: Refund/Cancellation/ Substitution Request Deadline.

May 29: Pre-Registration Deadline for mail/fax/online registration.
